Summary

Highly motivated and dedicated Machine Learning Engineer with hands-on experience in natural language processing, computer vision, and time series analysis. Proficient in various machine learning frameworks and programming languages. Passionate about building intelligent systems and eager to contribute to AI advancements.

Education

Lebanese International University (LIU), Beirut, Lebanon
Bachelor of Science in Computer Science — *Oct 2019 – Jan 2023*
GPA: 3.00 / 4.00

Zaka Bootcamp in Machine Learning — *Aug 2023 – Dec 2023*
Completed a 16-week intensive machine learning bootcamp covering supervised learning, deep learning, NLP, and deployment techniques.

Experience:

Machine Learning Engineer Intern — SMSM
Feb 2024 – Jun 2024

- Developed a chatbot for Egyptian and Arabic dialects.
- Created and curated an Arabic/Egyptian dialect dataset.
- Fine-tuned the LLaMA 3 model for improved language understanding.

Machine Learning Engineer Intern — Nugenesis
May 2024 – Aug 2024

- Built a cryptocurrency price prediction model using sentiment analysis from Twitter.
- Integrated sentiment features into time-series models for better accuracy.
- Applied ensemble models to enhance prediction performance.

Projects

Manufacturing Operation Management System — *Sep 2022 – Jan 2023*

- Developed a management platform for sales and purchasing in a building materials company.
- Technologies: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL.

Tile Recommendation System – Sourcifi — *Nov 2023 – Dec 2023*

- Created a product recommendation engine using NLP and word embeddings.
- Utilized Word2Vec, cosine similarity, and deployed with Flask.
- Libraries: gensim, nltk, scikit-learn, pandas, pymongo, TensorFlow

---

Technical Skills

Machine Learning & AI: Supervised Learning, Deep Learning, CNN, RNN, NLP, Time Series Analysis, MLOps
Frameworks: TensorFlow, PyTorch, Scikit-learn, Keras
Languages: Python, Java, PHP, C#, JavaScript
Web Technologies: HTML, CSS, React.js, Bootstrap, Flask, Node.js
Databases: MySQL, MongoDB
Tools: Docker, Gradio, Jupyter Notebook, Git, Hugging Face

Soft Skills

Problem Solving, Public Speaking, Team Collaboration, Analytical Thinking

---

Languages

- Arabic: Native
- English: Fluent
- French: Basic
